Notes:

- Elements only appear if they have value. Therefore only elements applicable to the carrier are generated
- Some elements are mutually exclusive and may not appear together. For example if allowToOperate = Y, outOfServiceDate does not have value
- Unsafe Driving, Driver Fitness, Fatigued Driving, Controlled Substance/Alcohol and Vehicle Maintenance are the only reported BASIC
- For information regarding BASIC elements please, visit [FMCSA CSA \(Compliance, Safety, Accountability\)](#).
